

CBC410G

Backbar Cooler

Product Features

- Robust heavy duty equipment
- Self-closing glass doors
- Mirror effect stainless steel interior
- Adjustable SS304 steel shelves
- Adjustable feet
- Ventilated cooling

Lock

Adjustable shelves

Heavy-duty backbar with glass doors

The CBC is our range of robust backbars, specifically designed for busy bars where enhanced cooling capacity is needed.

The backbar has an efficient ventilated cooling system to guarantee a short pull-down time, so you never run low on chilled beverages for thirsty guests. The air intake and exhaust are both placed at the front, making it easy to have the backbar build into the existing interior.

The CBC backbar cooler offers great product presentation with self-closing glass doors, LED internal lighting, adjustable SS304 stainless steel shelves, and a stainless steel interior with mirror effect.

It is possible to install drawers instead of doors – contact our sales staff for more information.

Design and Material		Measures and Content			Power and Consumption			
Door No & Type	4 hinged self-closing glass doors	Total Display Area	m ²	1.12	Energy Class	C		
Door Reversible	No	Temperature Range	°C	+2 to +10	Energy Consumption	kWh/24h	4.08
